

CMPA Seminars

Associate Members have the option of hosting seminars or presentations for Voting Members. Such presentations are organised and advertised by the CMPA.

General Meetings

An excellent way to introduce and represent your business is to host a General Meeting. The meetings consist of two sections; a seminar or workshop run by the Associate Member, and a General Meeting at which important CMPA issues are discussed.

AGM & Dinner

Associate Members are provided with a wide variety of sponsorship opportunities at the AGM and Dinner held in August each year. These meetings are attended by approximately 250 people and are an excellent opportunity for not only advertising but also networking.

Further Information

For further information on the CMPA or to make a membership enquiry please contact the Secretariat on the details below or visit the CMPA website at

CMPA—Associate Marketing Opportunities

The CMPA is an Association representing the Victorian Extractive Industry.

Our Membership base is made up of Voting Members—construction material processing businesses—and Associate Members—suppliers to the industry.

The benefits of Associate Membership include:

- Insight into Members' businesses to focus product support and development
- Access to owners and those in the position to make capital/purchasing decisions
- A voice with a voting right on the Management Committee
- Access into the CMPA Preferred Suppliers database
- Access for representation on sub committees
- Access into Meetings
- Marketing in CMPA publications
- Advertising in CMPA magazine
- Social contact/networking

CMPA Magazine—Sand & Stone

Sand & Stone is a comprehensive and informative magazine produced by the CMPA. The magazine is distributed to 1000 industry personnel each issue and is published six times per year. Associate Members are encouraged to be involved by advertising, including flyer inserts and providing educational/technical articles.

Workshops & OHS Documentation

CMPA Hazard & Risk Identification Workshops gather industry personnel from different workplaces in an attempt to identify all possible hazards and risks associated with a specific task/job, such as drilling and blasting, mobile plant operations, etc. Sponsorship opportunities are available for such events.

The information gained from the Workshops is used to compile OHS Support Documentation published free of charge and included in various training materials. This documentation also has associated sponsorship opportunities.

Training Materials

Associate Members are encouraged to participate in the development of high quality industry specific training materials developed by the CMPA to accompany CMPA facilitated training.

Preferred Suppliers & General Info Reference Manual

The Preferred Suppliers & General Information Reference Manual is distributed industry wide on an annual basis and categorises Associate Members into supplier groupings, providing a reliable source of preferred suppliers.

All Associate Members receive a free full page listing of contact details and areas of expertise. Colour advertisements are also available.

CMPA Website

The CMPA website includes a comprehensive listing of all Associate Members, along with contact details, areas of expertise and websites links.

All Members receive a personal login and password to access Members Only information.
