A substantial day is planned for CMPA Members and other interested industry contributors in the North East area of Victoria.

The CMPA is holding these workshops to develop a Template / Guideline on Fire Response and Readiness & Pest Weed and Animal Management Plans. This will enable you to gain an understanding of how to manage fire and pest weeds and animals on and surrounding your site, ensuring you are compliant with legislation.

The one-day workshop is an interactive process which encourages the active involvement of the participants rather than a lecture session. A provisional agenda is given below:

8.30 am — Registration

9.00 am — Fire Response and Readiness Management Plan Workshop

Facilitated by David McKelvie, Safemix

Presentations by Kevin Hayes (WorkSafe), Wes Douglas (ERR) and TBC (CFA)

11:30 am — Pest Weed and Animal Management Plan Workshop (includes lunch)

2.30pm — 4.30pm

Site visit to EB Mawson & Sons, Glenrowan Quarry

Meet at the Wangaratta Gateway.

Then travel by coach to and from the quarry.

The tour will involve inspection of onsite safety aspects in particular fire and pest weed and animal management.
