**Minimising  
Rehabilitation Bonds  
HARD ROCK WORKSHOP**  
Best Western Airport Motel  
33 Ardlie Street Attwood

A substantial day is planned for CMPA Members and other interested industry contributors in Attwood. The purpose of this workshop is to provide participants with appropriate best management practices required to minimise rehabilitation bonds and to develop a CMPA hard rock quarry progressive rehabilitation guideline table of contents. The Guideline when developed will also be a mechanism that may be used to keep rehabilitation bonds manageable, minimise liabilities and assist with ensuring your legislative responsibilities are met. The one-day workshop is an interactive process which encourages the active involvement of the participants rather than a lecture session. A provisional agenda is given below:

8:30am Registration      9:00am - 4:00pm Workshop      Morning & Afternoon Tea & Lunch Provided

Introduction	Dr Elizabeth Gibson
ERR Expectations for Rehabilitation	<b>Rohan Bett, ERR</b> <i>Rehabilitation liability reassessment, optimisation of the extraction profile, progressive rehabilitation. Final site closure, Return of rehabilitation bonds.</i>
Operative/ Earthworks	<b>Cameron Black, BCA Consulting</b>
Revegetation Management	<b>Mark Malone, Batesford Quarry</b>
Hard Rock Quarry Manager's Perspective:	<b>Tim Bird, Allstone Quarries</b> <b>Andrew Bondini, Boral</b> <b>Brain Calovic, Conundrum Holdings</b>
Progressive Rehabilitation Hard Rock Guideline:	<b>TBA</b>
