The CMPA is holding this vital 1 hour webinar to inform Members on how to best look at Succession Planning for your business.

The trials faced by business are of no concern to its customers and must remain behind the scenes; the business must go on seamlessly, meeting market demands with no sign of internal turmoil.

With the right plan and direction family-owned businesses can steer their way through with minimal distraction.

NOW, WHERE, HOW?

Where are we now? Where do we want to go?  
How will we get there?

WHERE ARE WE GOING?

There are numbers of options in executing a succession plan but in order to explore and assess the best option you need to know where you want to go as individuals and as a collective.

EXAMPLE OF OPTIONS:

Internal Family Succession	Professional External Management
External Sale	Family Council or Board
Employee Ownership	Trusts and Holding Companies
